Epernay - Champagne - France

CONCEPTEUR & INTÉGRATEUR DE PROCESS VINOLES

# Riddling bolted box

Storage and riddling box.  
Same box from bottling to disgorging.

The bolted box can be adapted to all types of bottles (traditionnal & 37.5 cl champagne bottles, Trentenaire, Grand Cru, Hortense, etc).

We study your special bottle to adapt to the bolted box, on request.

# Riddling bolted box

Metal container composed of panels that can be dismantled.

The bolted box has a capacity of 504 **traditionnal Champagne bottles** & 216 **magnum** or 975 **37.5 cl bottles** (with specific holding wedges). Study for special bottles box on request.

## Convenient

The bolted box can be used straight from bottling, bottles stored head to tail, without any bottle handling through riddling, storage neck down & disgorging.

## Functional

Particularly adapted to great height modern wine cellars, the bolted box can be stored up to 5 levels.

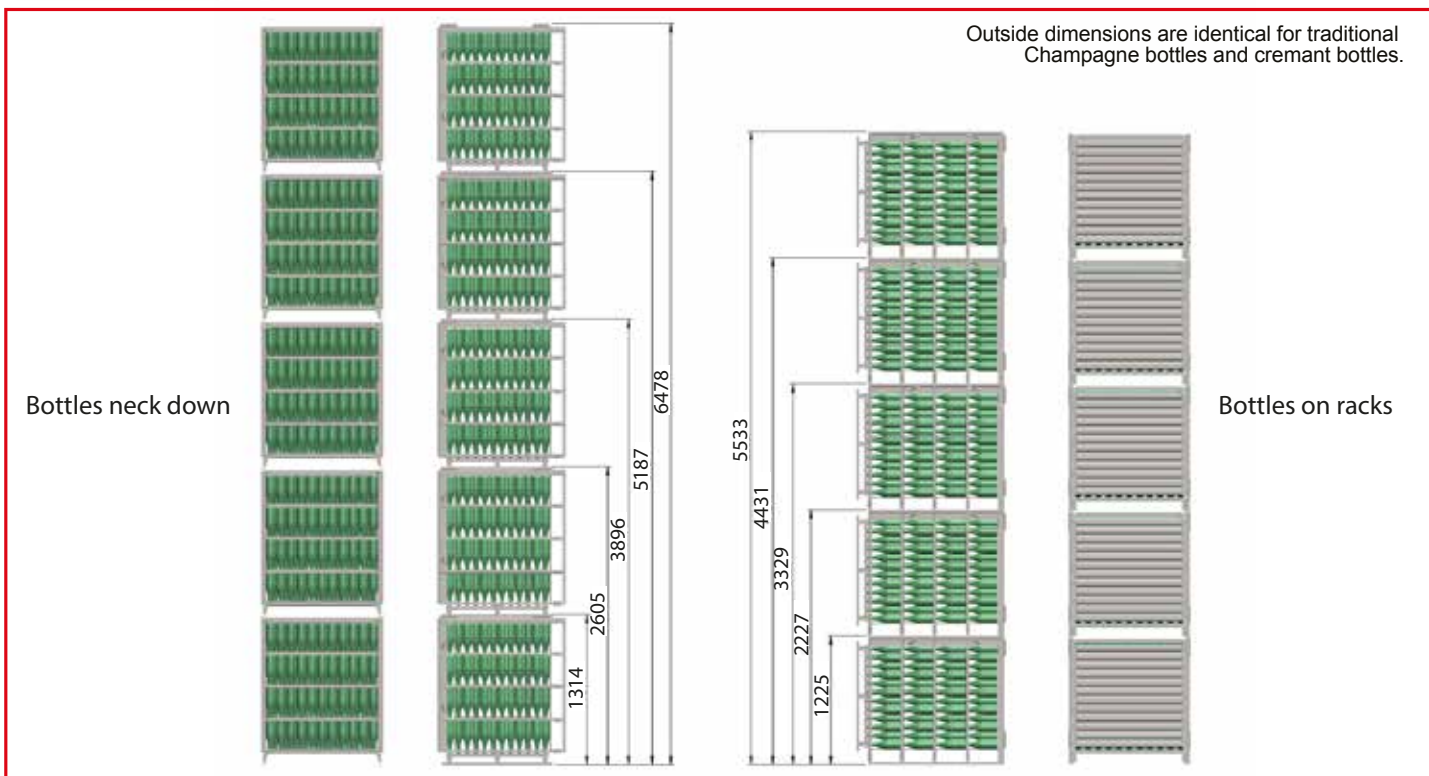

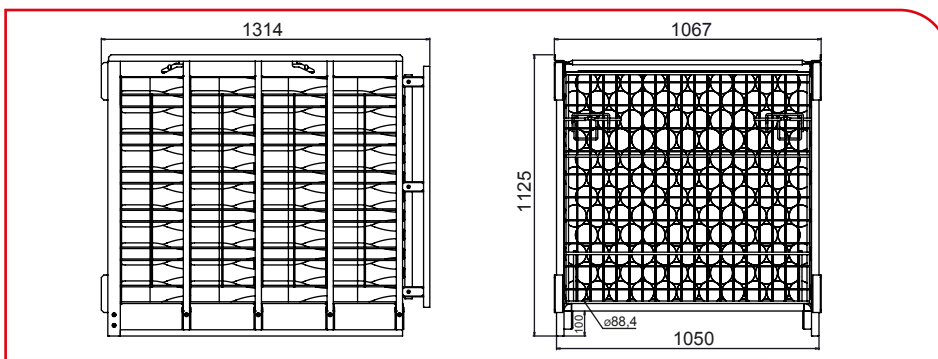

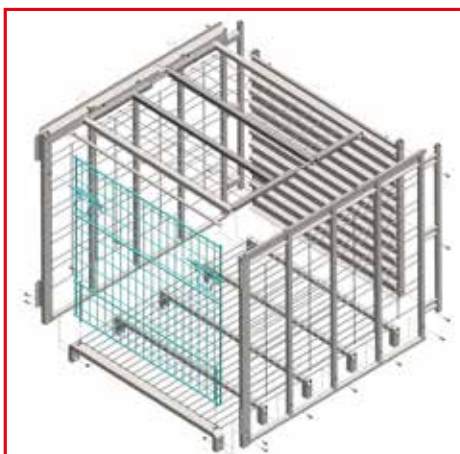

## Strong

The Omega bottom is galvanised, the 3 panels are zinc-plated.

## Compatibility

- Compatible with the V1 riddling bolted box for stacking and for the gates.

- ▶ Delivered unassembled. Assembly service on request.
- ▶ Space-saving in freight.
- ▶ Handling with forks with a forklift.
- ▶ Storage on 5 levels (bottles on rack & bottles neck down).
